ピナルディ  
アルベルト

## SUMMARY

Senior Product Designer with 5+ years shipping end-to-end mobile and web experiences at scale. At Glovo I led features worth +€1.7M in revenue and €3.7M in annual savings — owning the work from UX research to high-fidelity UI and design-system contribution.

## WORK EXPERIENCE

### SIMUCUBE

Remote · Contract · Ongoing

Simucube is a leading manufacturer of high-end sim racing hardware, building industry-grade wheelbases, pedals, and steering systems designed to deliver realistic driving experiences for both enthusiasts and professional drivers.

#### Senior Product Designer

May 2026 - Ongoing

- Partner closely with the Lead Designer to deliver end-to-end product design on the main simulation software in a fast-paced startup environment
- Support product development through UX audits, user flows, wireframing, and high-fidelity UI execution.
- Contribute to improving product usability and consistency by refining design patterns and interaction flows

### GLOVO

Barcelona, Spain · Full-time · 4 years 3 months

Glovo is a leading on-demand delivery platform based in Barcelona, Spain, a tech company and the fastest-growing multi-category player operating in 22 countries, delivering food, groceries, retail and everyday essentials to millions of users.

#### Mid-Level Product Designer

April 2024 to August 2025 · Full-time · 1 year 5 months

- Led end-to-end design of the new Product Replacement feature, impacting for +1.7M€ in incremental revenue and +128% in product replacements.
- Redesigned the Address Management Flow, resulting in achieving -54% in order cancellations and +3.7M€ in annual savings.
- Conducted UX research and usability testing to validate product decisions on a regular basis.
- Contributed to the Design System and cross-team initiatives.

#### Junior Product Designer

Dec 2021 to Mar 2024 · Full-time · 2 years 4 months

#### Internship, Product Design

Jul to Nov 2021 · Full-time · 5 months

### Technical Administrative Staff

University of Pavia · Pavia, Italy

February 2017 to June 2021 · Full-time · 4 years 5 months
